### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art fails to teach applicant's method steps of **identifying** an integration level between a WLAN and cellular network; **transmitting** a terminating signal based on a *type* of wireless unit and the *level* of integration between the WLAN and cellular networks; and **routing** traffic to a wireless unit based on the type of unit and level of integration of the networks. No obvious combination of references found would have taught one of ordinary skill in the art to make and use applicant's apparatus as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Creighton H. Smith whose telephone number is 571/272-7546. The examiner can normally be reached on M-F, alternate Fridays off.
